The 2008 GREEN DOT AWARDSTM WINNERS ANNOUNCED
Excellence in Green Products and Services are Celebrated

Los Angeles, Calif. – (January 14, 2009) - The jury of the international Green Dot Awards (GDA) announce the winners of the 2008 competition. The GDA was established to reward and promote forward-thinking businesses that create environmentally friendly products or services, and to reward revolutionary green proposals. The GDA aims to bridge the gap between truly innovative businesses that practice excellence in environmental responsibility and international consumers and media.

The 2008 winners in the following categories are:

Transportation : Designnobis for Volitan Design and Build : Larnrod Eireann for Kent Railway Station Products : The Firewinder Company for Firewinder, Original Windlight Services : Barkley Court Reporters for Barkley Goes Green Entertainment and Culture : TCC Photo | Gallery for Fruit of the Orchard Other product/services : Wind Simplicity Inc. for Wind Simplicity Windancer Concept Category : George Joannou Company, Sweet Sorghum Ethanol and Power.

The Green Dot Awards were juried by experts in the industry including: Kyle D. Brown, Ph.D., Director of the John T. Lyle Center for Regenerative Studies, California State Polytechnic University Daniel D. Chiras, Ph.D., Author of The Homeowner's Guide to Renewable Energy, The New Ecological Home, The Solar House, The Natural House, Superbia! 31 Ways to Create Sustainable Neighborhoods, and The Natural Plaster Book Peo Ekberg, Environmental Consultant for Sustainability and LifestyleCO2 Adviser Dave Evans, Author of Cool Green Stuff: A Guide to Finding Great Recycled, Sustainable, Renewable Objects You Will Love Steven Foster, President of the Steven Foster Group and commercial consultant for eco-sustainability Christine Mason McCaull, Co-founder GoGreen Online, and Go GreenTV Shelagh McNally, Editor at Green Living Online & Green Living Enterprises.

“Recognizing that human activity is causing dramatic environmental change, we must ensure that we act today to protect tomorrow’s environment,” commented Hossein Farmani,

Founder of the Green Dot Awards. “Businesses and organizations have become especially aware of the impact that their practices have on the well-being of the planet and many are acting to adopt more sustainable attitudes. The purpose of Green Dot is to reward those who practice excellence in environmental responsibility.” Although the Green Dot Awards are worthy unto themselves, they also serve as a consumers’ guide to excellence in environmentally-sustainable practices. A business with a Green Dot Award is a business that can be trusted by consumers as being stewards of the environment. Recognition from the Green Dot Awards allows businesses to promote their products and services as items that are manufactured and delivered in an environmentally friendly manner.

About The Green Dot Awards: GDA was founded by the Farmani Group in 2006. The Green Dot Awards™ strive to reward and promote forward-thinking businesses that create environmentally friendly products or services, and to reward revolutionary green business plans and proposals. We strive to recognize businesses that have exceptionally high environmental standards and meet the needs of the present without compromising future generations. Businesses with a Green Dot Award are given an ideal opportunity to market their organizations and products as environmentally responsible. As increasing numbers of consumers and stakeholders are requesting evidence of environmental good practices before selecting suppliers or services; the need for an eco-sustainability recognition system is now vital. <http://farmanigroup.com> Green Dot Awards 550 north Larchmont Blvd, Suite 100 Los Angeles, CA 90004 USA
