

## One Central Park

Business Name PTW Architects  
Address Level 13, 9 Castlereagh Street, Sydney  
NSW, Australia  
Phone Numbers +61 2 9232 5877  
Contact Person Laraine Sperleng

Design excellence and innovation are the driving principles of PTW Architects, consistently delivered since inception in 1889.

Currently employing over 200 people, PTW Architects has offices in Sydney, Beijing, Shanghai, Shenzhen, Hanoi, Ho Chi Minh City and Taipei. We are proud of our reputation for excellence in architecture and masterplanning over a diversity of building types; we create buildings where commercial objectives are balanced with cultural and public uses, leading to the enhancement of the public realm and a city's facilities.

Collaboratively delivered by PTW Architects and Ateliers Jean Nouvel, One Central Park is the centrepiece of a 5.8 hectare precinct redevelopment located on the site of the former Carlton & United Brewery site, Chippendale. This unprecedented mixed use residential and retail development provides 623 luxury apartments across two high rise towers, sitting above a five storey retail and recreational podium.
